## MMF updates in Education for July

### Dear Friends,

July has brought with it some great news - the karate classes we introduced at the Municipality School No. 2, Panchgani, several years ago, inspired a little girl to pursue martial arts, and now as a teenager she has brought home a medal for India in an international tournament. This is the domino effect of all the work we do at Mukul Madhav Foundation. Planting little seeds in the form of resources and opportunity, and then letting them take root and reach for the skies.

As you go through the updates in this newsletter, we hope you can spot some of the other seeds we sowed this month. Happy reading.

Warm Wishes,
