### Students sensitized on World Water Day.

World Water Day 2024 is about working together to balance everyone's needs, with a dedication to ensure no one is left behind, to make water a catalyst for a more peaceful world. Mukul Madhav Vidyalaya observed this theme by making the students, ancillary staff and security staff aware about the need for water conservation. Videos based on 'Save water' theme were shown to children. Likewise, the students, ancillary and staff were taken round the premises in order to make everyone realize that saving water is the need of the hour. Mukul Madhav Vidyalaya has rain water harvesting facility which ensures that rain water is collected in the the borewell and can be reused for many purposes. We, at Mukul Madhav Vidyalaya believe that the importance of water conservation is the first step in promoting a deeper understanding of the need to safeguard water supplies for the future. The observance of 'World Water Day' makes the students aware of how best to use it and become more efficient in their water use practices.
