Dear Friends,

April sees our water conservation projects in action throughout Maharashtra and Gujarat. The cement bund nalas we have built or desilted so far, the wells we have dug or cleaned, the rainwater harvesting systems we have put in place - they all now hold life-giving water in this sweltering summer heat. This is true for all our efforts in water conservation - for humans, for wildlife, for crops and trees. This is also the time we prepare for the next summer, by preparing nalas and desilting rivers to harvest the incoming monsoons. This is the cyclical nature of our work. We work in the present, with an eye on the future. I hope you can witness this foresightedness in the work we have shared here in this month's newsletter.

Happy reading

Warm Regards ,
Ritu Prakash Chhabria

Celebrated Holi with widows and transgender 25th March, 2024

On the occasion of Holi, MMF team distributed saris and sweets to widows at Mahila Sewa Mandal, and to transgender people. Both these communities are isolated from society, facing societal stigma, economic hardships, and neglect. Our gift was much more than just a material token. It was greatly cherished by the recipients, giving them a sense of belonging. Reaffirming the fact that they too are cherished members of our community.

The inauguration on 26th March was attended by Mr. Atul Gabale, Sales Representative, Finolex Industries Limited Kolhapur, Ms. Swati Shah, Community Organizer NULM (National Urban Livelihood Mission), Ms. Vrushali Patil – City Livelihood Center Manager Kolhapur and KMC representatives.

Supported research on geriatric women in rural Maharashtra 26th March, 2024

Mukul Madhav Foundation as CSR partner to Finolex Industries joined hands with SNDT Women's University Pune Campus to facilitate and work on Research on Geriatric Women Population in Rural Maharashtra - a Post COVID Socio-psychological Study.

Covering a sample size of 10,000 elderly women in rural areas across 36 districts in Maharashtra, this study will help the government in renewing current policies and creating new policies for the marginalized women population.

This report was completed and presented to MMF/FIL on 26th March 2024, in the presence of Dr. Sachin Deore Principal of SNDT Pune, Ms. Lily Shulka Sr. Manager Finance Finolex Industries Limited, Ms. Yasmin Shaikh and Mr. Babalu Mokale from Mukul Madhav Foundation, and Faculty of SNDT. It was later published on 3rd April 2024, at SNDT College in the presence of VC SNDT and dignitaries from MMF/FIL. SNDT Women's University Pune is the first Women's university in India as well as in South-East Asia. SNDT Women's University stands 32nd amongst multi-disciplinary universities of India and ranked fourth in Western India according to the Week-Hansa Research ranking of 2020.

Inaugurated shed for students to have midday meals 26th March, 2024

The shed was inaugurated in the presence of Mr. Nilesh Ghule Sales Representative Finolex Industries Limited, the School Principal and teachers of Zilla Parishad School Ravangaon. This shed will help children to sit and have lunch, and also be useful for school programs.

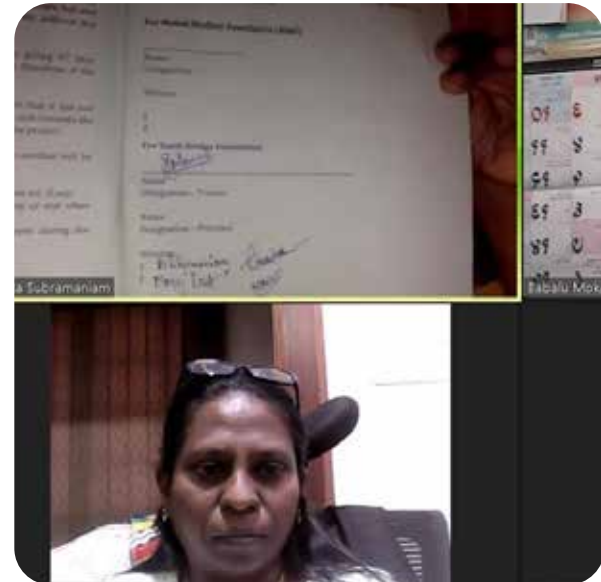

Made water accessible to wildlife in Kumbhalgad Wildlife Sanctuary 29th March, 2024

At Mukul Madhav Foundation as CSR partner to Finolex Industries, we have always shown compassion to all living things - humans, cows, birds, horses. We have also made water accessible to farmers, schools, villages, trees, crops and now to wild animals with the recent signing of an agreement with Earth Brigade Foundation to provide water to wildlife in Kumbhalgad wildlife sanctuary, Ranakpur Rajasthan.

We facilitated the installation of solar powered pumpsets at wells in the remote areas of the forest. The pumps will work without electricity, to replenish water in the surface waterbodies, by pulling water up from the wells there. This water will quench the thirst of the surrounding wildlife, as well as the staff posted there in these grueling summer months.

In the absence of accessible water, wild animals wander into human settlements in search of the same. Hence these pumps will also avoid human-wildlife conflict.

A win-win for all.

363 people to benefit from blood
donated by FIL/MMF employees
5th April, 2024 /19th April, 2024

Over two days in April, across five locations, employees at Mukul Madhav Foundation and Finolex Pipes at Urse, and Ratnagiri responded to a call for blood donations by local blood banks.

A total of 160 employees stepped forward to donate in spite of various other programmes and commitments. Out of these, 39 were not accepted for donation due to high blood pressure, or low HB. The other 121 donated blood, where each bag of blood will now go on to help three patients.

5th April, blood donation camp at Finolex Pipe, Urse through Inlaks and Budhrani hospital blood bank. 19th April, blood donation camps in Ratnagiri at Finolex Industries, Finolex Phase 3 colony, Finolex Phase 2 colony and Mukul Madhav Vidyalaya. Through VaibhaviLaxmi Blood Bank and Indian Red Cross association.

All participating blood banks thanked FIL and MMF for organising such blood camps and thereby helping society.

Supports 50 children with Type 1 Diabetes in Coimbatore 5th April, 2024

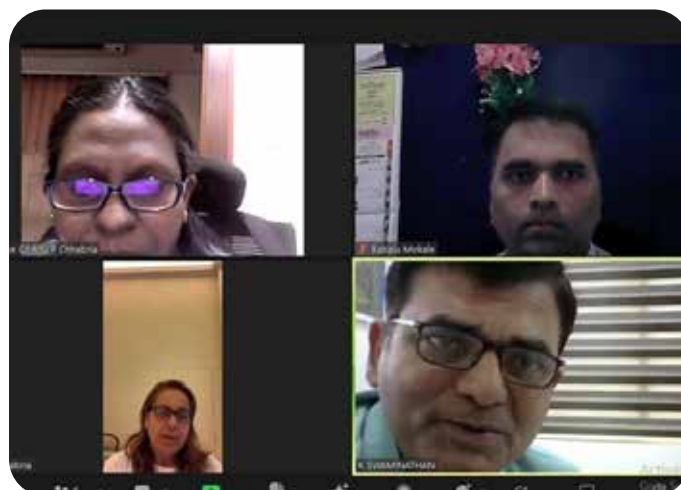

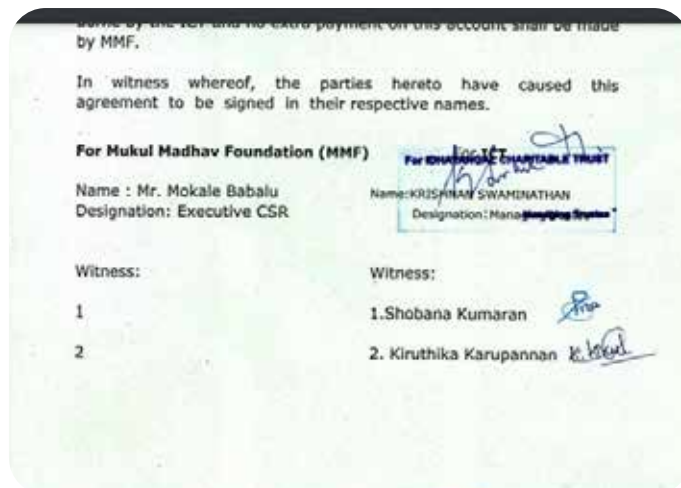

Mukul Madhav Foundation as CSR partner to Finolex Industries will now support 50 children with Type 1 Diabetes in Coimbatore through the Idhayangal Charitable Foundation.

On 5th April to strengthen this association we signed an agreement to begin the project by April-end in the presence of Dr. Krishnan Swaminathan, Founding Trustee, Idhayangal Charitable Trust, Ritu Prakash Chhabria, Managing Trustee, Mukul Madhav Foundation and MMF team.

We are currently supporting children with type 1 diabetes in the following regions

- Maharashtra: - KEM Hospital Pune (30 children), Jalgaon (70 Children), Daund (27 children) Karad –Satara 27 Children
- Gujarat: - Vadodara (27 children)
- Tamil Nadu: - 20:- Vellore, Madurai, Coimbatore, Thanjavur

In total MMF/FIL supports 201 children every month

Moreover, by maintaining a balanced ecosystem, this project will contribute to the overall health and sustainability of the Ranakpur Wildlife Sanctuary.

MMF always believes in creating sustainable, ongoing impactful projects. This initiative stands as a testament to that commitment, demonstrating how collaborative efforts can make a lasting difference in wildlife conservation and ecosystem preservation.

Solar Pumpset Installation in Ranakpur Wildlife Sanctuary 5th April, 2024

On April 4th, 2024, Mukul Madhav Foundation as CSR partner to Finolex Industries and Capricot Technologies collaborated with Earth Bridge Foundation to install two solar water pump sets in the Ranakpur Wildlife Sanctuary. The installation of these solar pump sets is expected to have a profound impact on the sanctuary's ecosystem. Located at Pipla Chowkie and Pagpawti, these two sites will provide water storage at five different locations within the sanctuary.

With this initiative, more than 10,000 wild animals will benefit directly, as their thirst will be quenched without the need for migration. This will, in turn, reduce inter-animal conflicts and minimize conflicts between wildlife and human settlements, particularly those residing near the forest.
